New Home for Fire Dept. Is a Possibility

Village Dads and Fire Dept. Committee Discuss Plans At Special Meeting

That there is a possibility for the building of a new home for the Antioch Fire department sometime during this year was revealed this morning by Village Clerk Roy Murrie, following a special meeting of the village board Wednesday evening. A special committee composed of the officers of the fire department met with the village board to discuss plans for the erection of the new building. Members of the fire department committee included Chief Cleve Vos, Assistant Chief James McMillen, Clarence Shultis, secretary and Irving Elms, president.

According to present, tentative plans the building would be a part of the new city hall building which has been in the planning stage for a good many years, and would be so constructed, that when the rest of the building is built that it would be a part of it. Plans call for construction of cement block with allowance for a brick veneer, which will be added when the city hall building is built.

The fire house will face the new street which will soon be opened to traffic, while the municipal building will face Orchard street. The village engineer, architect and attorney were present at the meeting, and Latz, the architect, was given the go ahead signal to measure and survey the village property near the pump house and make preparatory sketches of the proposed building.

Necessity for erection of the building now, as was pointed out by the firemen's committee, is caused by the present inadequate space at the fire station, and the plans for purchasing new equipment, which would undoubtedly be too large to be housed in the present fire station.

Murrie reports that all members of the board were in favor of going ahead with the plans to erect the building, and that another meeting would be held as soon as first plans and specifications for the building are complete.

Entertainment to Feature Wilmot Fair Aug. 9-11

Many kinds of entertainment will be featured at the Wilmot Fair, August 9, 10, and 11, according to a release from Miss Grace Carey, publicity chairman for the fair. Among attractions to be shown at the event will be free acts every afternoon and evening, a horse show each evening, rides, games and hundreds of exhibits.

The fair will open its gates at 9 a. m. on Friday, Aug. 9 and a parade will officially open the three-day exhibition. Other events which will be on the program for the opening day include, judging of exhibits, a 4-H judging contest, and free acts during the afternoon and evening with Mac and Bob, the Linders sisters and Jimmy James, all of the WLS staff of radio artists, as headliners.

Saturday's entertainment will include a Tot's parade, a Dairy Queen contest and entertainment featuring Gautier's Steeple Chase, Kenneth Spencer, ventriloquist, and Novak and Fay, comedians. In the afternoon and a horse show, free acts and dancing in the evening.

The program on Sunday will include a 4-H dress revue, the horse show, free acts and dancing.

Parker Hazen Named Asst. Treasurer of Savings Association

The board of directors of the Oak Park Federal Savings and Loan association announced the appointment of Parker Hazen to the office of assistant treasurer this week.

Mr. Hazen was born in Oak Park and attended Hawthorne school until 1930. At that time he came to Antioch, where he completed his elementary education. He was graduated from Antioch Township High school as valedictorian in 1938. In 1940, he attended Gregg college in Chicago and received a diploma in stenography. He was employed in the cash division of Marshall Field and company as cash control clerk until June, 1942, when he entered the United States Navy.

Upon his discharge in December, 1944, as Yeoman 2/c, he entered the employ of the Oak Park Federal Savings & Loan association and has advanced rapidly to his present position.

8-lb. Walleye Caught In Lake Marie Monday

Lawrence Ketchmark, Chicago, who is vacationing at Cobb's Camp with two sons, Lawrence, Jr., and George, pulled in an eight pound walleye pike on Monday of this week. This is the largest fish of the specie reported this season, although a good many catches have been reported. This fish would be a remarkable size no matter where it was taken, and the Chain O' Lakes is proving to be a real fishing ground for walleyes.

Investigation of Grass Fires Will Be Made by Stearns

Fire Chief Cleve Vos, of the Antioch Fire department said today that recurrent grass fires which have called the department back to the same scene several times, will be under investigation by State Deputy Fire Marshal James Stearns, and that the persons responsible will be prosecuted, in the event that the fires prove the work of pranksters.

Vos said that the fires which have occurred in the 173 region west of Antioch were thought to have been the work of youths living in the region and that Stearns had been called in to try to put a stop to the situation.

All residents of outlying subdivisions are asked to co-operate in a move to eliminate this costly nuisance, which called the department out nine times during the week. Two calls received last Thursday, two Friday and five Saturday and Sunday, all were grass fires and while no real damage was done in any of the fires, it adds up to a considerable waste of time and effort on the part of members of the department and an ever-increasing threat to property in the subdivisions.

Vos said that the fact that violators would be prosecuted would have the effect of lessening the number of fires of this nature and that the penalty for deliberately setting grass fire was severe.

Antioch F. F. A. Boys Win 43 Ribbons at Elgin

The sixteen Future Farmer of Antioch Township High school won 14 blue, 22 red, 4 white and 3 championship purple ribbons in their exhibit of 16 head of sheep, 5 hogs, 1 beef, 9 dairy and 7 garden displays at the Elgin Fair last Tuesday.

Harland French won the purple ribbon for grand champion yearling ewe with an excellent Shropshire individual. He also won the grand championship pen of 3 market lambs. Other blue ribbon winners in the sheep division were Carlyle Harris and Warren Wells showing Dorset Horn and Shropshire respectively.

Of the seven garden displays made by Antioch F. F. A. members, four were blue ribbon winners. They were shown by Benny Drury, John Conrad, Robert January and George Miller. The others shown by Carlyle Harris, Kenneth Woolner and George Gosnell were awarded red ribbons.

Donald Irving had the champion Hampshire gilt in the swine division. William Hamm received a red ribbon on his Duroc gilt.

In the dairy division Logan Lundgren received two blues on his Holstein cattle. His junior yearling bull was selected champion but was deprived of the honor in the finals owing to a ruling that bulls shown must be under one year of age. His animal was only 13 days over the age limit.

Roy Wiberg, showing Guernseys, won a blue on his bull calf and a red on a two month old heifer.

Others receiving red ribbons in dairy classes were Raymond Toft and Donald Irving showing Holsteins and Gerald Hunter showing a milking Shorthorn heifer.

The lone beef steer from Antioch was shown by Russell Myers. He was a young Angus of exceptional type but too young to show much finish. He has wonderful possibilities for the Chicago International.

Besides the vocational agriculture teacher, C. L. Kutli, the boys were accompanied by Mr. and Mrs. Harris, Mr. and Mrs. William Myers and son, Mr. Monahan, Mr. Malm, Mr. Fred French, Mr. Ralph Miller and Lyman Miller, all of the vicinity of Antioch.

Stuart Good is Discharged From Navy July 22nd

Stuart Good, son of Mr. and Mrs. George Good, 422 Harden Street, was among those discharged at Great Lakes Naval Station on July 22. Stuart's rate at the time of his discharge was Seaman, 1/c. He had been in the service for more than a year.

Nine Persons Are Injured Wednesday in Car-Bus Crash

Nine of the ten persons who were occupants of a Salvation Army Camp bus were injured when the bus struck a car and overturned Wednesday night at 8 p. m. The accident occurred on the Camp Lake road south of the Salvation army camp.

None of the occupants of the automobile were injured. Injured persons were brought to Antioch, where they were treated by Dr. A. N. Berke. They were then taken back to the camp hospital.

Injuries were not serious in any of the cases, with a few broken bones and one or two cases of slight concussion, all were bruised and cut, however.

Rescue Squad Is Called in Fox Lake Drowning

The Antioch Rescue squad was called Sunday to assist in recovering the bodies of two Chicago men who were drowning victims in a fishing accident. The call originated from Hiram's Resort, Bald Knob, but when members of the squad arrived there they found that the accident had occurred at Eagle Point, where the men had gone to fish.

The victims had been recovered from the water by McHenry county deputies when the squadmen arrived at Eagle Point.

The boat in which the men were fishing was overturned when one of the three occupants stood up to haul in the anchor. The victims were Joseph W. Mickela, 41, of 4129 Wellington Ave., Chicago and John Kuchowski, 62, of 2542 Fullerton Ave., Chicago; a brother of Mickela was saved by a passing boat, but before the two other men could be picked up they lost hold of the overturned boat and sank from sight. The bodies were recovered in a short time but effort at resuscitation proved futile.

Valmar Man Dies in Fall

A fatal accident occurred Saturday evening at about 8 p. m. when Alex Johnson lost his grip in a tree which he was trimming and fell thirty feet to the ground. The squad was called by persons who had brought him here, but examination showed that he had died almost instantly in the fall, due to a broken neck and other injuries.

Lake County 4-H Show Set for Aug. 7 at Gurnee H. S.

The biggest event of the season for Lake County's 577 4-H club boys and girls will be the annual Lake County 4-H club show to be held at Gurnee on Wednesday, August 7th. While the members enrolled in the 12 agricultural clubs will be showing their dairy cattle, hogs, sheep, goats, beef animals, and garden displays at the Viking Home Grounds, the Home Economics members will be busy at the Warren Township High school with their displays, demonstrations, and style reviews. Since there will be no county fair in Lake County this year, the 4-H club show offers the people of Lake County their only opportunity to see the results of the feeding, management, and handwork of Lake County's rural boys and girls. For several weeks now the club members have been busily engaged in getting their animals in top-notch shape and in putting the finishing touches on the garments made in the sewing work.

Even though the weather has been too dry for good gardening, club show visitors will not fail to see one of the finest 4-H club garden displays in this part of Illinois. The judging of the garden display will be done by Lee A. Somers, assistant professor of vegetables gardening, University of Illinois. Paul Furr, of DeKalb, Illinois, will judge the swine, sheep, and goat classes starting at 10:00 a. m. The dairy cattle judge will get under way at 1:00 p. m. and placings will be made by Merle Howard, of Mooseheart, Ill.

The Home Economics 4-H Clubs will put on an interesting program at the Warren High school in Gurnee.

Each club will display an interesting educational exhibit in their booth space in the gymnasium. Exhibits will include foods, clothing, flower arrangements, health and safety. All booths and individual exhibits and demonstrations will receive blue, red or white ribbons according to the grade A, B or C, given by the judge. Foods judges will be Mrs. Ellen Hill. NO KICK-BACK, NO WORK

Legion Teams Are Winners in Four Games This Week

The American Legion softball teams were winners in all games played during the week, with the Legion league team defeating Round Lake Park last Thursday to the tune of 9 to 8, and beating the Round Lake city team 11 to 9 here last Tuesday evening.

The Legion match team scored two victories also, with a team from Wadsworth being the victim in both instances.

The first game was played here last Friday evening, and the locals won by a single run in a six inning game. In a return match the Legion won by a 12 to 9 score.

Eddie Crawford, who has been on the bench for two weeks, due to strained ligaments in his arm, will be back in the line-up tonight when the league team meets Grayslake in a league game on the Round Lake diamond.

Other games scheduled include a game here Friday evening with the Legion match team tangling with a team from Pikeville, Wisconsin; and a game with a team from Gurnee to be played here next Tuesday evening.

Youths Warned That They Must Register On 18th Birthday

Young men reaching the age of 18 years must continue to register on their 18th birthday in order to avoid delinquency, it was announced today by Col. Paul G. Armstrong, Illinois director of selective service.

"There has been a growing feeling of late," Colonel Armstrong said, "that it is not necessary for a young man to register until he becomes 19 years of age. This is an incorrect assumption, for the selective service law requires that every young man register on his 18th birthday even though he may not become eligible for service until he becomes 19 years old."

"Every 18-year old registrant will be kept in an 'unclassified' state until he becomes 19 years of age, at which time he will be required to submit the regular questionnaire. His local board will then classify him on the basis of the evidence submitted."

"It is very necessary for every young man to go to the area local board office on the day he becomes 18 years of age and there register for selective service. Failure to comply with this rule subjects him to possible federal prosecution. Where a birthday occurs on a Saturday or Sunday, the registration may be accomplished on the following Monday."

Holy Name Golf Tourney To Be Held Wednesday

Chain O' Lakes golf club will be the scene of a tourney next Wednesday, August 7, with members of St. Peter's Holy Name Society as contestants. The committee in charge of the tourney have provided for other games for those who are not golfers and entertainment and refreshments will be provided for. Awards will be made for the best golf scores as well as winners at other games.

Nine Polio Cases Reported in Twp.

Four new cases of polio have been reported in Antioch township during the past ten days, bringing the total to nine for the current outbreak of the disease. The new cases are spread over a wide area—one on route 173 east of Antioch, one on State Line road, east of Antioch, one on route 59, south of town and one at Channel Lake.

The five cases which were previously reported were confined to one subdivision on the west side of Channel Lake, but no additional cases have been reported there.

The National Foundation for Infantile Paralysis has taken an active interest in all cases of the dreaded disease and all expense in connection with treatment of the cases will be paid by the foundation.

A current news release from the Foundation concerning the disease follows:

Poliomyelitis, known better as infantile paralysis, is caused by a virus, though the exact method of transmission is yet unknown. The virus is known to escape from polio carriers and active cases from the nose, throat, and bowels.

Doctors believe, because of the apparent selectivity of the disease, that the majority of people have, at one time, had a light case of the disease so that, unawares, they have developed an immunity to it.

Only the time factor in polio is consistent. We can be pretty sure that it will strike from June thru September, but where and whom are indeterminate. Medical experts of the National Foundation for Infantile Paralysis do say, however, that areas free from epidemics for several years are likely to most vulnerable.

According to best informed authorities, around 50 per cent of its victims recover completely with not a trace of paralysis; 20 to 30 percent may be left with a slight disability; and only 10 to 20 percent suffer permanent crippling or death.

Polio symptoms are like those of many minor ailments; fever, headache, nausea, vomiting, constipation, diarrhea. These are your first signals. If they come during the danger months, consult your doctor.

There is little we can do in specific protection, but there are precautionary measures we should all take. Avoid that "ole swimming hole." In fact, swimming in polluted waters should be banned. Always pay particular attention to personal cleanliness, such as thorough hand washing before eating, and always after toilet duty.

Avoid tonsil and adenoid operations during epidemics if possible. The pharynx and respiratory passages seem to be excellent harbors for the polio virus when it strikes. Careful study has shown that such an operation, done during an epidemic, may open new channels by which the virus can come in contact with vulnerable nerves.

Contaminated milk and water are always dangerous. Fight flies and mice; keep the house clean and food pure. Don't let the children wander into areas where there is illness.

Mrs. Mabel Snyder, Indian Point, Dies in Hospital July 21

Funeral services for Mrs. Mabel Harriet Snyder, wife of Murray M. Snyder, of Indian Point, were held at the Witbeck-Wheeler-Sabien funeral home in Belvidere, Wednesday, July 24. Burial was in Belvidere Cemetery near the graves of her two daughters, one son and her parents, who preceded her in death.

A former pastor of the Grace M. E. Church of Rockford, the Rev. William Schuerman, of Joliet, officiated. Mrs. Snyder was a member of the Belvidere First Methodist church and retained her membership there all her life.

She passed away at St. Therese hospital in Waukegan, Sunday, July 21, following surgery for ruptured appendix. She was taken ill at the Snyder summer home at Indian Point, where the family had arrived from St. Cloud, Fla., May 28.

She was born in Belvidere, Nov. 27, 1877, the daughter of the late Mr. and Mrs. John R. Moore. Her marriage to Murray M. Snyder took place April 30, 1896.

Survivors include her husband, Murray, one son, Gerald M. Snyder, of Beloit; a daughter, Mrs. Jettie Mae Klink, of St. Cloud, Fla.

Mr. and Mrs. Raymond Schwartz, of Kenosha, were guests of the S. Nelson family Sunday.

Privilege Personified

In the Pacific Northwest there is a merchant who by all standards of ethics and fair play should be sum-
marily dealt with. He evades taxes which his competi-
tors must pay. He is seeking to establish a monopoly by
selling his product below cost. He discriminates against
customers to further his monopolistic ambitions, and
although his competitors are stringently regulated, he
recognizes no regulatory authority. That merchant is
the Bonneville power project owned and operated by
the Federal government.

One of Bonneville's competitors, the Puget Sound
Power and Light Company, a private electric property
which has been compelled to buy power of Bonneville
for distribution over its own lines, cites some inter-
esting figures in its annual report to stockholders. This
company like others throughout the United States which
have been subjected to ruthless treatment by Federal
power "authorities," has been unable to expand gener-
ating capacity due to tax-exempt, tax-financed govern-
ment competition. The same governmental monopolis-
tic ambitions that have impaired it as a producer of
electricity are now striving to impair it as a taxpaying,
private electric distributor.

The President of the Puget Sound Power and
Light Company says its present annual contract with
Bonneville which will expire October 1, 1946, purchases
prime power at \$17.50 per kilowatt-year of billing de-
mand and dump power at 2 1/2 mills per kilowatt-hour.

He says, "It is estimated that the cost of prime
power under the contract for the year 1946 will be
about 4 mills per kilowatt-hour. By contrast, the mun-
icipal systems buying power from Bonneville—including
Seattle Light, which is a competitor of Puget Sound
Power, paid an average of 2.37 mills per kwh in 1945.
PUDs got their Bonneville power at an average cost of
2.53 mills per kwh, (4 mills is 58% more than 2.53).

"While the private utilities desiring to purchase

Bonneville electricity have been forced to take excessive
blocks of prime power under the objectionable 'com-
puted demand formula,' certain public agencies have
been permitted to obtain all their requirements at the
dump rate of 2 1/2 mills per kwh.... Thus, a purchaser
with little or no generating capacity of its own can ob-
tain power, under comparable conditions up to 72%
load factor, at a lower unit cost than can the company."

Such rate discriminations by Bonneville, for
which a private company could be prosecuted, raise the
question as to whether it is as interested in getting
cheap power to consumers as it is in driving heavily-
taxed private companies out of business and substitut-
ing tax-subsidized politically-managed electric distribu-
tion systems that will be more amendable to the "pro-
gressive" ambitions of the power socialist. The taxpay-
ing public should be deeply concerned over the grow-
ing menace of unregulated, tax-exempt monopolies
which uninhibited merchants of government electricity
are creating.

The Low Down From Hickory Grove

You know, try as hard as I can, I can't get over
the idea that what our U. S. A. needs is gold wampum.
We gotta start some place if we are to get away from
the chaos that the Big Squawks in Govt. keep saying is
around the corner, and will consume us if we don't
keep these present fellows in just a little longer.

Why not change the Squawks, says Henry—may-
be that is what ails us versus having no gold dinero.

I will not get into politics too deep, I says, but
maybe you got something there. But if Uncle George
Washington laid a solid kind of foundation for a U.
S. A. and used hard money for same, you gotta admit
that gold and silver didn't hurt—and maybe helped.
Also, it didn't breed 100 kinds of chaos. And further-
more, I says, trying to be half-way humorous and cheer
Henry up, do you think, I says, that Mr. Washington
could have thrown a dollar across the Potomac if it had
been paper. Well, says Henry, throwing one silver dol-
lar across the river don't hold a candle to what they
can do now, with paper. They throw a couple billion
across or into the river before breakfast. That, I says,
shows why they hold back on making gold legal—it is
too heavy to shovel it out so easy.

Yours with the low down,
Jo Serra

Mrs. Ben Wills, of Washington, D.
C., was a guest of Erminie Carey
from Wednesday to Friday. Erminie

ed by WLS Mac and Bob, Jimmie
James and the Linder Sisters.

Judging of entries will take place
during the day and a Horse Show is
scheduled for that evening.

Mrs. Ben Nett is general chair-
man for dinners to be served by the
Holy Name church for three days in
the school dining hall. Mrs. Walter
Bernhoft and Mrs. W. Nienhaus,
Bassetts are co-chairmen for Friday
when members of the congregation
from Wilmet, Bassetts, Fox River
and Valmar sponsor the dinners Fri-
day. Roast pork and fish will be ser-
ved at both the noon and evening
dinners. Saturday baked ham will be
featured at both dinners with Mrs.
John Van Lier, Salem, and Mrs.
John Mattis, Trevor, in charge of the
Trevor, Bristol and Paddock Lake
division. Sunday, roast beef will be
offered at both dinners and chairmen
for the day are Mrs. Francis Reiter,
Mrs. William Richter and Mrs. War-
ren Sarbacher for the Twin Lakes,
Silver Lake and Camp Lake division.

Mrs. William Wertz is chairman
for the Wilmet Mothers club, who
will provide short orders at a stand
on the school yard. She will be ably
assisted by a committee consisting
of Mesdames Frank Kruckman, Harry
McDougall, Winsor Madden, Lloyd
Stoxen, Alex Schubert and Miss
Kroneke.

MILLBURN

A large audience heard Rev. Everett W. MacNair, of the Congregational church in Lakewood, Ohio, who was guest minister at the church service at the third annual Millburn Home Sunday on July 28. One hundred and sixty people remained for the pot luck dinner and all enjoyed Rev. Messersmith's colored slides and movies shown in the afternoon.

The Millburn Maidens 4-H club met at the home of their leader, Mrs. Eric Anderson Thursday afternoon. Plans were made for the club's achievement day program to be held at the church Wednesday afternoon at 2 o'clock, which will be a joint program with the Russell Roses and the Jolly Jills. The club sponsored a bakery sale in E. A. Martin's store Thursday morning. Five dollars will be sent to the Memorial 4-H camp fund. Mr. A. B. McDonald spent the weekend with his son and family, the Phillip McDonalds in Rockford, Ill.

Rev. and Mrs. E. W. MacNair and daughter, Christina, and sons, Wilmer and Ray, of Lakewood, Ohio, were guests of Miss Vivien Bonner over the weekend.

Mrs. Alice Culver, of Round Lake, spent several days at the home of her son, Horace Culver.

Mrs. O. L. Hollenbeck spent a few days with relatives in Kenosha.

W. G. Thom, of New Albany, Ind., spent several days visiting friends in Millburn vicinity and attended Homecoming on Sunday.

The July committee of the Ladies Aid will give an ice cream social and program at the church Thursday evening.

Mr. and Mrs. W. H. Davies and family, of Joliet, were supper guests at the W. C. Upton home Thursday. Miss Betty Lou Soderquist, of Waukegan, spent the weekend with Alice Denman.

Mr. and Mrs. E. A. Schreiber, of Forest Park, are spending the summer at their Lake Catherine summer home.

Cooking Eggs

Eggs may be hard-cooked without boiling, and cooking at high heat toughens the egg protein. For hard-cooked eggs at their best, simmer—don't boil—the eggs 25 to 30 minutes. For all egg dishes, a success secret is to use low to moderate temperatures.

Hanging Pictures

Hang pictures low enough that the "center of interest"—the outstanding feature of the picture—is on the same level as the eyes when you are standing.

Men's Bonnetees

The term "bonnet" was first applied to men's rather than women's hats, and is believed to have come from the use of a woolen cloth called "bonnetee," popular about 1280.

Draft Calls to be Resumed in Sept.

Here's the score on the new draft set-up. Selective service has made it tight and tough.

1. Draft boards will start calling men again Sept. 1.

(Sept. 1 is the end of the two-month draft holiday. No men are being drafted in July or August.)

2. Those drafted will be 19 through 29.

(Since May 15 no youths under 20 had been drafted. This week President Truman told draft boards to take men 19 through 29.)

3. Youths still in high school can get deferred. Not so college youths. If called they won't be allowed to finish out a quarter or semester, unless their draft boards make some special exceptions individual cases.

No Fathers Drafted

4. Fathers will not be drafted, nor will men considered extreme hardship cases. But—a man will not be deferred because of dependents.

5. Every man in the 19-29 age group who now has an occupational deferment will be reexamined. The rule here is very tough.

Selective service told the boards not to defer anyone unless he is "indispensable and irreplaceable to the national existence."

(This means that almost no one now will have an occupation that can be considered deferrable.)

6. But farm workers still will get the same special consideration—for deferment—that they got through the war. A special section of the draft law provides for them.

19 Through 29

7. Draft boards will review the cases of men 19 through 29 who have been found physically unfit for military service.

"Which means: Some men now excused from military service because of poor physical condition will find themselves drafted, if doctors think they've improved enough to fit requirements.)

8. There's no quota system on age. For instance: Draft boards will take whom they can in the group 19-29, and not try to pick just so many of one age, so many of another.

9. Draft boards will consider draft-

of Wauconda, and Mrs. Howard Inwood, of Grayslake. Clothing judges will be Miss Ethel Dixon, of Gurnee, and Mrs. Charles Parker, of Mundelein. All of the judges are graduate Home Economists.

In the auditorium of the High school there will be a demonstration contest and Dress review contest open to the public. The clubs studying foods and flower arrangement will give demonstrations during the morning from 9 to 12 a. m. A style revue will be given at 1:30 by the clubs in the clothing project. The seven highest rating demonstrations and dress models will be chosen to attend the State Fair at Springfield, August 11 to 14, and participate in similar contests there. During the morning all garments will be judged on the girls who made them.

The committee in charge of all events for the Home Economics 4-H Show are Mrs. Meredith Hendericks, Mrs. Ray Crockett, Mrs. Cecil Anderson, Mrs. Clarence Flagg, and Mrs. Helen Volk, Home Adviser.

Picnic lunch to be served. During the noon hour a delicious picnic lunch will be served the ladies of the County Home Bureau Executive Board. Also ice cream, cold drinks, and candy will be available. They are planning to have plenty of good food for all who attend the 4-H show. It will be served in the dining room.

ing war veterans if (a) they have not served outside the United States and (b) had less than six months military service.

Some misunderstanding may have occurred because, while selective service was tightening up to get more men, the army suspended the enlistment of Negroes.

This did not mean that the army was getting so many volunteers that it really wouldn't need any draftees. It meant only this:

So many Negroes were enlisting that—unless this was stopped for a while—the proportion of Negroes to white men in the army would be greater than the army wants.

Fact and Scripture

Blessed is the man that walketh not in the counsel of the ungodly, nor standeth in the way of sinners, nor sitteth in the seat of the scornful.

But his delight is in the law of the Lord; and in his law doth he meditate day and night.

And he shall be like a tree planted by the rivers of water; that bringeth forth his fruit in his season; his leaf also shall not wither; and whatsoever he doeth shall prosper.

The ungodly are not so: but are like the chaff which the wind driveth away.

Hefty Aga Khan Presented With Weight in Gems

Ismaili Charities Will Get \$2,200,000 as Result Of Ceremony.

BOMBAY, INDIA.—The hefty Aga Khan put on a great show here recently. He seated himself on a specially constructed scale before 60,000 of his followers and watched while his weight was matched, pound for pound in diamonds, says the Associated Press.

With legendary pageantry quart of industrial diamonds and handful of glittering gem stones were deposited upon the scales until there were 243½ pounds of them, balancing the weight of the spiritual leader of the Ismaili Moslems. From his gold brocaded chair on the scales the Aga Khan bestowed benign salaams and blessings.

Biggest diamond of the lot was a sparkling 32 carat polished blue gem which the owner valued at \$200,000. The diamonds will be bought mostly by princes and rajahs and the Aga Khan receives the cash value—roughly \$2,200,000—to be used for Ismaili welfare and for benevolences among the poor.

First for Diamonds.

The ceremony, honoring his 60th year as head of the sect, was financed by contributions.

Under a sweltering sun, against a backdrop of gaily colored turbans, fezzes, saris and other oriental garb, much of it brilliantly jeweled, the ceremony got under way late in the afternoon. It was believed to be without parallel in history. Rulers and moguls—and 10 years ago the Aga Khan himself—have been weighed in gold, but his followers averred this was the first time any one had been weighed in diamonds.

The great Brabourne stadium, a stone's throw from the Arabian sea, was filled by princes and rajahs, rich and poor, all turned out to demonstrate devotion to the man they revere as a lineal descendant of Fatima, daughter of Mohammed, and as a living embodiment of Deity.

Heads Procession.

The Aga Khan wore a long, silver-brocaded tunic with high, tight-fitting collar, and a gold brocaded green silk turban. Majestically he paraded to the glistening teakwood dais at the head of a procession of colorfully arrayed priests and followers, shaded all the way by a green silk umbrella, an Indian symbol of royalty.

The dais contained only the Aga Khan's chair attached to a scale with a white dial indicator. Bands blared and bagpipes shrilled above the roar of the crowd.

The Aga Khan's household accompanied him to the ceremonies. Among them was his beautiful French wife, whom the Indians call Begum Umme Habiba. She wore a filmy white sari embroidered with 1,500 diamonds.

She sat with Aga Khan's youngest son, Sadruddin, who wore a green turban with a white plume. On the same richly brocaded divan sat Prince Aly Khan, heir apparent, wearing a silver embroidered tunic studded with diamonds and a diamond encrusted turban.

Woman Saved by Bell,

Seeks Name of Rescuer

MAPLEWOOD, MO.—The life of Mrs. Grace Henderson, housewife, was literally saved by the bell.

Now she wishes she knew the identity of her rescuer. She had been working in the laundry of her home, but lapsed into semi-consciousness after flames in laundry gas jets had been doused with water. Aroused by the ringing of her telephone she stumbled to it and called for help. Police arrived in time to rescue her from the fumes.

She never learned who had called her.

Rebounding Water Swamps

Firemen With \$100 Notes

NORTH CHICAGO, ILL.—Firemen pouring streams of water into Joe Andrus' burning food store were pretty surprised when the water started pouring out again with \$100 bills floating on it.

One fireman picked up two bundles of \$100 bills. Two others dashed into the store and one returned with a pan of money. Another carried a stack in his helmet.

Andrus said he put the money in a paper carton on his desk and forgot to lock it in his safe. He declined to name the full amount.

They Have an Original

House Shortage Answer

PERRY CENTER, N. Y.—Mr. and Mrs. Theodore Fletcher have an original answer to the housing shortage.

Together with their eight-year-old son Jimmy they will soon be living in a log cabin near Watkins Glen. The cabin will contain eight rooms, a modern bath and a built-in garage.

Going into the construction are popular logs that weigh 350 to 2,000 pounds. The logs are selected from a near-by farm, and the Fletchers are supervising the work on their future home-sweet-home.

Fugitive Admits Identity After a Long Masquerade

Waterbury, Conn., Official, Convicted of Fraud, Is Caught in Chicago.

CHICAGO.—The five-year masquerade of Daniel J. Leary, former Waterbury, Conn., comptroller, while a fugitive under sentence of 10 to 15 years for fraud, as James Donovan, hard working salesman of religious articles, came to an end here the other day.

Edward J. Hickey, commissioner of Connecticut state police, identified Leary in the detective bureau. Later he visited Leary in his cell and quoted him as saying: "What's the use? You know me. I'm Leary."

"It's really been hell, Ed," Hickey said Leary exclaimed. Hickey added that Leary told of spending six weeks in New York after fleeing Waterbury. Then, Leary said, he went to Florida, from where he came to Chicago in 1942.

Leary began his masquerade as Donovan on March 7, 1941, the day his conviction was upheld by the Connecticut supreme court. He walked into a Waterbury flower store, changed his hat and coat, and left by the back door.

In preparation for his new role, he had obtained an uncertified birth certificate bearing the name of James Donovan.

The following year, he registered for the draft in New York under the name of James Donovan.

Family Remained Behind.

His wife, Sadie, and their daughter, Eleanor, remained in the Leary home in Waterbury, which escaped an attachment levied against other Leary assets in a \$600,000 taxpayer's suit, because the home was in Mrs. Leary's name.

More than two years ago he came to Chicago, and became associated with the Midwest Religious Goods company. Several months ago he left there and associated himself with the Catholic Religious Mart.

When arrested, Leary had \$4,500, including two \$1,000 bills, in his pocket. His papers included a receipt for a \$594 income tax payment, and a financial report indicating he invested \$78,532.81 in the Religious mart and made a profit of \$10,071.53 in five months.

Forfeited \$50,000 Bond.

Another aid to Leary's masquerade was the circumstance that he was not fingerprinted at the time of his indictment and trial in Connecticut. He was freed on \$50,000 bond, which he forfeited. The state offered a \$3,000 reward for his capture.

His arrest followed his recognition at Monroe street and Michigan avenue by George E. Palmer, 561 Surf street, a former resident of Waterbury. He pointed Leary out to Joseph E. Flood, traffic policeman at the corner.

Leary, in addition to being city comptroller, also was a well to do manufacturer of soft drinks in Waterbury. With 28 others, including former Lt. Gov. Frank Hayes of Connecticut, who at that time also was mayor of Waterbury, Leary was arrested in May, 1938, on warrants charging conspiracy to defraud the city of more than \$1,000,000.

Leary, Hayes and 18 others were convicted in August, 1939.

Testimony at the trial included statements that \$600,000 was paid for contracting work never done, and that fees of \$175,000 were split.

Finds Phone Is 'In Use'

While Little Boy Is Dying

INDIANAPOLIS, IND.—Three-year-old Walter Montgomery poked a piece of wire into an electrical outlet while standing on a metal register in his home and died while his mother tried frantically to gain release of a busy eight-party telephone line for a call for help.

"My baby is dying," she screamed into the telephone. "We'll be through in a minute," was the haughty reply.

The father then raced the boy to a doctor in his automobile. The boy was dead upon arrival.

Clever Watch Dog Does

His Work in Reverse

NOWATA, OKLA.—Eugene Hollis has developed a reverse burglar alarm that works. He has a dog that doesn't like to stay in Hollis' hatchery at night. "All I have to do," Hollis said, "is to lock him in the hatchery. If anyone comes in during the night, the dog will run out and high-tail it for home. When he gets home he raises an awful fuss trying to get in the house. Then's when I know someone is in the hatchery."

Phone Booth Not Bad

Place if You're Sleepy

FAIRMOUNT, W. VA.—Patrolman W. S. Morgan found a man asleep in a telephone booth. The doors were jammed shut and he couldn't awaken the sleeper.

Finally, after forcing ammonia gas into the booth, he aroused the man and with great difficulty extricated him.

"Are you drunk?" the policeman asked. "No," replied the man indignantly. "It's the housing shortage."

Dig Up Mummy 6,000 Years Old in Egypt

CAIRO.—Discovery of a golden coffin containing a 6,000-year-old mummy and jewels of great beauty and value was reported by Prof. Pierre Montet, French archeologist.

The mummy was described as that of Gulban Engdet, a general of the time of King Tsawsen, first of the Pharaohs.

No Bare Tummy Edict of Sheik

Censor of Egyptian Beaches Sounds Warning.

CAIRO.—Sheik Abu Eyoum, who has been self-appointed censor of Egyptian beaches virtually forever, has sounded his annual warning to the local bathing beauties: "Take off that two-piece bathing suit."

The sheik hastened to explain that he wants the girls to shuck off their scanty costumes and put on something warm if they're going to bathe in public, which he thinks they shouldn't.

Each year about this time, Abu Eyoum, a tall, stately figure in flowing Arabic robes and a red turban, puts in an appearance on the vast beaches at Alexandria to voice his disapproval of scantily clad girls and his irrepressible yen for the swimming sack of the gay nineties.

His targets are Egyptians and foreigners alike, and he usually scores at least one bulls-eye a month by trumpeting after some lightly dressed beach beauty until the law arrives. Then he recites the Egyptian law against two-piece bathing suits and has the gal taken away.

Abu Eyoum recalls proudly that the ordinance was all his doing. Back in 1938, he got his dander up when he saw women on the beach "almost naked with their bathing costumes consisting of two almost invisible pieces."

The sheik hid himself to the governor's offices and told him he would personally stone the offending bathers if something wasn't done about it.

The governor prohibited two-piece bathing suits on Alexandria's beaches, with the result that during the past year alone 1,850 girls were fined for trying to cover too much with too little.

But still the sheik isn't satisfied. This year he's going all out against the one-piece suit which, he said, can be just as indecent.

"All depends on how they wear them," he explained.

Cat Just Rings Door Bell

When Through With Mice

BURLINGTON, IOWA.—When Buck, a cat of unknown ancestry, got into the habit of clanging the mailbox lid at all hours of the day and night for entrance at the Joseph S. Kupka home in Burlington, Iowa, Joe fixed her a special doorbell.

Now when Buck returns home after a hard day chasing mice or taking a nocturnal prowling, the foxy feline casually punches her doorbell and one of the members of the Kupka family lets her in.

The doorbell is attached to the lid of the mailbox.

"She'll just keep up the ringing for hours if we don't let her in right away," said Mrs. Kupka. "Joe and I talk to her. If we ask her if she is hungry, she gives a loud meow and runs toward the refrigerator."

"Do you want your picture in the paper, Buck?" Mrs. Kupka asked the big cat.

"Meow," Buck replied. "That means it is all right to go ahead with the story," Joe commented.

Gen. Eisenhower Finds G.I.

Disgruntled Over Diet

SAN FRANCISCO.—Gen. Dwight D. Eisenhower, inspecting patients at the Letterman hospital, stopped at the foot of a soldier's bed.

"Are they feeding you properly?" the chief of staff asked the occupant, Cpl. Russell Nunes of Oakland, Calif.

"No, sir," shot back the young G.I.

A quick frown replaced the general's famous smile and it stayed there until the flustered nurse was able to stammer:

"But he's on a special diet, sir!" The corporal grinned and the general grinned back, sharing their little joke on the nurse.

Legal Problem Posed As

German POW Changes Sex

PARIS.—The weekly Samedi Soir reported recently that Hans Borgman, a 25-year-old panzer grenadier at the war prisoner camp in Vallette has changed sex.

The dispatch said Borgman was observed to have developed a soprano voice and strange swellings beneath his shirt. Doctors examined the prisoner and verified the change of sex.

The incident created two problems—first, Borgman is married and, second, there is no provision in international law for the release of a prisoner who turns into a woman, the paper pointed out.

Big Frogs
Ten-inch frogs are found in South Cameroon, Africa, according to the Encyclopaedia Britannica. Some frogs in the Solomon Islands grow to be eight and a half inches long, and the bull-frog of eastern North America reaches a length of nearly eight inches.

LAKE VILLA

The Woman's Society of Christian Service will meet Wednesday afternoon, Aug. 7, with Mrs. R. L. Gunarson at her home in Venetian Gardens. Visitors are cordially invited. The ladies wish to thank all who helped in any way to the success of the recent summer sale, proceeds of which will help the ladies in the work of the church.

The Rev. and Mrs. R. H. Pierson, of Toledo, Ohio, visited their son and wife at the parsonage a few days last week.

In canning your fruits and vegetables this summer, the ladies of the church ask you to remember the Lake Bluff Orphanage which depends on the church societies to help out with the food for their big family. Cans may be had from the church basement if you can fill some.

Mrs. Nell Riedel was guest of honor at a miscellaneous shower at the home of Mrs. Marie Hamlin on Wednesday evening on her spacious porch where the party was held. The party was arranged and directed by Mrs. Ellen Schneider and Mrs. Bernice Armstrong.

The school board announces the engagement of the teachers for the coming year as follows: Principal and teacher of grades 7 and 8, David Schrum; teacher of grades 3, 4, 5 and 6, Mrs. DeVries and Miss Ruby Falch will teach the primary grades.

The Official board of the church will hold its regular August meeting at the parsonage on Friday evening this week and all reports of the finance committee will be in at this time.

Mrs. Lester Hamlin was a Waukegan visitor on Monday.

Mr. and Mrs. Howard Willett entertained the employees of the Willett Coach Co., at a party at their home on Fox Lake last Saturday and refreshments were served on the lawn overlooking the lake.

Mr. and Mrs. George Gray and sons have moved out from Chicago to a cottage they recently purchased on the north side of Cedar Lake.

Mr. and Mrs. Gordon Martin are spending a two weeks vacation at Champaign, Mich., and the little girls are with their grandparents, Mr. and Mrs. Charles Martin and with relatives at Antioch.

Mr. and Mrs. Charles Martin accompanied Mr. and Mrs. Priebe and Miss Edith Plotz, of Libertyville on a trip to Petrifying Springs, near Kenosha on Sunday.

Mrs. Carl Ekdahl, her mother, Mrs. Lulu Nelson, and aunt, Mrs. Rountree, of Nashville, Ill., were Kenosha visitors last Wednesday.

Mr. and Mrs. Bunkelman and children visited relatives at Fond Du Lac Wis., on Sunday and Janet, who has been spending her vacation there, returned home with them.

Mr. and Mrs. Charles Madsen have as guest a friend of their son, Bob, at their home here. The young lady is from Pennsylvania.

Mr. and Mrs. Arthur Haley have moved into their apartment connected with their new garage and sales room on Rt. 21, north of the school. Mr. Haley has a very convenient and roomy station.

Capt. William Walker of the Air Force in Enid, Okla., spent a couple days with his parents, Mr. and Mrs. William Walker, returning Sunday. His parents accompanied him to the Municipal air port in Chicago.

Mr. and Mrs. Larson, from California, who have been visiting relatives in Illinois for six weeks, spent last week with Mrs. Larson's sister, Mrs. William Walker and family.

Mr. and Mrs. George Mitchell, their daughter and husband, of Chicago, were guests of Mrs. Florence Kerr Sunday.

The Royal Neighbors held its regular meeting at the Village hall Tuesday evening and held initiation. Mrs. Avery, Jr., was chairman of the refreshment committee.

Mrs. Russell Nickerson entertained a number of little girls and their mothers at a party at her home Saturday afternoon to celebrate Donna's third birthday anniversary. The children had pictures taken and enjoyed the birthday cake and refreshments.

Mrs. Andrew McGlashan was hostess last Thursday for the ladies of the Sewing club who enjoyed a luncheon and a social afternoon together.

Disdainful Bandit**Misses \$2,300 Wad**

PITTSBURGH.—A bandit held up A. H. Derry, took a wallet from his pocket, counted the \$47 it contained, then tossed the money back to the owner, asking, "Is it worth it?"

Had the bandit searched Derry's overcoat, he would have found \$2,300—the day's receipts of a motor sales firm.

Butch Sure Gets Around—the Bum**Stumbling Becomes Habit in Community.**

GLEN COVE, N. Y.—Stumbling over Butch is getting to be a habit in this wealthy Long Island community.

Commuters stumble over him at the station. Housewives detour around his 240 pounds of shaggy St. Bernard on the sidewalk.

Theatergoers find him parked in the lobby. He goes to church. But for all their stumbling, Glen Cove's residents love Butch—the town bum.

He burns his meals from lunch wagons and butcher shops. He's never driven from public gatherings.

Once in a while he rides the trains. All for free.

"He has been our town character for some years now," Mayor Arthur Aikenhead said.

"He is gentle and is loved by everybody. He visits the theater, the schools and all the churches. He carts the smaller children around on his back.

"Anyway you look at it, he is a most unusual dog."

Butch, whose six-foot frame is big enough to block an ordinary sidewalk, has a home, but seldom bothers to stay there.

He is the property of J. Norris Miller, owner of an estate and a relative of former Gov. Nathan L. Miller.

Eric Krabel, editor of the Glen Cove Echo, sometimes gives Butch more space in his column than he does the doings of the scions of Long Island's first families.

"Sometimes when Butch gets tired of the town he goes down to the depot and boards a train and rides down to Oyster Bay," Krabel said.

"The trainmen know him and he's never put off. When he's ready he hops another train and comes back."

Townpeople remember what was perhaps Butch's most famous exploit two years ago.

Early one morning someone heard a commotion in the depot and told police they heard robbers inside.

Police surrounded the depot. They tried to open the door, but it slammed back at them.

One got a Tommy gun and covered the door while the others prepared to rush it.

"Put your hands up and come out or we'll shoot," they ordered. They rushed the door.

Out came Butch. He had been locked in by accident.

Enlists as a Sergeant**To Rejoin Dutch Fiancee**

DALLAS, TEXAS.—First Lt. George Arnold of Los Angeles enlisted in the army as a sergeant for sentimental reasons.

He signed up for three years with the stipulation he would be sent immediately to Europe and that his dog, Ace, could go along.

Arnold said he will marry Sjoet Bilson, a Dutch girl who helped him evade the Nazis for seven weeks when he and his mascot dog were forced to parachute in Holland in 1944.

"I couldn't get passage for her to join me here," he said. "And I couldn't get over there without joining the army. So I joined."

Give \$11,579 to Educate**Boy Who Lost Both Legs**

WATERLOO, IOWA.—Tommy Christiansen, seven, of Waterloo, who lost both legs beneath the wheels of a freight train last month, will walk again on artificial legs and has been assured of an education through contributions totaling \$11,579 which have come from as far away as Bridgeport, Conn., and Seattle, Wash. Donators to the trust fund set up for the boy included persons who had lost limbs and children. Tommy is one of five sons of Mr. and Mrs. Lyle Christiansen.

\$10,000 Is Bequeathed For Second 'Stork Derby'

TORONTO.—A second "stork derby" for Toronto was provided with probate of the will of the late Thomas Foster, former mayor of the city, who bequeathed \$10,000 for a "baby derby"—with first prize of \$1,250 for the mother bearing the largest number of children in the next 10 years.

The first "stork derby" was a result of the will of Charles Vance Miller, also of Toronto, who left a \$500,000 prize which was shared by four Toronto mothers in 1938.

Main bequest of Foster's will was \$500,000 for cancer research.

Preserve Saplings

Fresh-cut saplings to be used for farm posts or poles will drink enough chemical solution to prolong their length of service. The solution can be made from two pounds of zinc chloride, chromated zinc chloride, or copper sulphate to each gallon of water. A half gallon of the solution will treat a four-inch pole which is 30 feet long. The bottoms of posts or poles are placed in a tank or tub of the solution, which is poisonous to livestock or human beings.

Remove Blackheads

For the removal of blackheads, try this nightly treatment—dip your washcloth in hot water and press against your face until the skin is pink and glowing. Work in a generous lather of soap, and with a complexion brush or washcloth scrub with upward, outward motions, giving particular attention to the nose and chin.

Okinawans Chinese

The Okinawans never have been considered Japanese by the Japanese themselves, and have been viewed rather as poor country cousins. At least in the more remote sections of the island, the Okinawans had relatively little contact with their Nipponese rulers who had taken them over from China in 1879. Their mental and emotional reactions often are quite different. They are generally shorter, more hirsute, and with heavier body build than the Japanese.

Removing Fat

Often soup stock or gravy is too greasy and there is not time to cool it so the congealed fat can rise to the top. Wrap a couple of ice cubes in a small piece of cheesecloth and run over the top of the soup or gravy. The excess fat will collect on the cold surface of the cloth and thus can be removed easily.

Grass Grew in Streets

Grass literally grew in the streets of New York and Philadelphia during the early 1800s when most of the people were driven out by yellow fever and cholera epidemics which almost wiped out several other American cities.

Oldest Animals

The oldest living animals on the earth are the giant tortoises of the Galapagos islands, according to the Encyclopaedia Britannica. Some of them are more than four feet long, weigh nearly 400 pounds and are believed to be 300 to 400 years old.

Silver Fox Farming
Silver fox farming was first practiced by a few Canadian trappers who discovered the secret of catching silver foxes out of season and keeping them alive until their fur reached prime quality.
